

Apply Online at Your School's Website

Applying online is the most direct way to submit your application because it allows your institution to view your application electronically within minutes after submission.

Start by Navigating to Your School's Website

OR

Navigate to <https://online.factsmgt.com>

Choose Register and Create an Account

(returning users can sign in by entering their existing username and password)

- The school is using our enhanced platform for the Grant & Aid Assessment so families will need to select Create a New Account to establish a username and password
- Once you have registered and signed in, you will have the ability to complete the FACTS Grant & Aid Assessment online.

Please allow three to four weeks for your application to be processed. Application deadlines are set by the school or institution awarding the scholarships. If you are applying after a deadline, please contact our school or institution to ensure that your application will be accepted.

Note: Award Decisions are made by the organization providing the scholarship, not FACTS.
