

## 2019 SUMMER PROGRAMS

Spend the summer with us! Enroll your child in 9th Bridge School's STEAM-centric summer camp, and choose from sessions focused on Design, Engineering, and Science. Our camp offers weekly workshops and field trips (for elementary campers), sports & games, water activities, challenges, and movies to enrich campers throughout the dog days of summer. Activities are led by our highly qualified teaching staff and are designed to cultivate curiosity, creativity, self-expression, and positive social interaction.

### 2019 CAMP FEATURES

- Activities, Games, and Weekly Challenges
- Movie Days
- Sports
- Water Activities
- Special Guest Visits
- Field Trips
- Arts and Crafts
- On-Site Science and Engineering Workshops
- Week-to-Week Registration

#### Session 1: Design Camp (Week of June 3 & June 10)

Campers will explore the design thinking process through circuitry, woodworking, and maker tools.

#### Session 2: Engineering Camp (Week of June 17 & June 24)

Campers will engage in engineering challenges to inspire innovative thinking and designing. Campers will work on small teams to design creative solutions to fun challenges.

#### Session 3: Science Camp (Week of July 8, July 15, and July 22)

Embark on a summer adventure to a land of imagination and science. Campers will engage in interactive and hands-on science experiments and investigations.

\*Camp closed week of July 1
